

Great Investment

This two bedroom townhouse is located in the Gap Estate. The complex has been designed to incorporate space and privacy. The unit is located at the end of a row of eight units which means no back or front neighbours. There is undercover car parking at the front of the unit. The complex also boasts a large swimming pool and BBQ area to enjoy the Centralian lifestyle.

As you enter the unit downstairs it has a fully tiled open plan lounge, dining and kitchen with views to the front and back. The kitchen overlooks and has access to the private courtyard with gazebo which you can relax after work or on weekends.

Upstairs there are two carpeted bedrooms with built-ins and a bathroom. The unit is cooled with evaporative air conditioning throughout and a split system downstairs.

If you are a first home owner this is an ideal way to enter the property market and if you are looking for an investment to grow your portfolio the unit can be leased at a competitive market rate.
